LIFE IN GAU

In addition to receiving world class education from highly qualified academicians from over 40 countries worldwide students of GAU enjoy the opportunity to engage in active and rewarding social activities on campus including over 1000 events per year, such as the annual spring fest, theatre festival, GAU Lympics, and many more.

Students can also take advantage of our life long learning center GAU-SEM which offers extra curricular certified short courses ranging from computing, language and self development skills.

GET ACTIVE

North Cyprus is the perfect setting for students to thoroughly enjoy and engage in unlimited variety of outdoor activities such as windsurfing, trekking, paragliding, and plenty more.

The Turkish Republic of North Cyprus lies at the crossroads of three continents -where East meets West. The third most populous island in the Mediterranean Sea, Cyprus is a popular tourist spot and an excellent education destination for students from over 135+ countries.

Cypriots are known for their hospitality. Most Cypriots speak English and share their culture with visitors and international students through traditional cuisine, culture and entertainment. North Cyprus has become an epicenter for international students from Europe, the Middle East, Asia and Africa.

Kyrenia is the culture, history and tourism hub of North Cyprus. GAU campus is positioned at the slope of the Five Finger Mountains, at a short walking distance to the shoreline and the city center. Campus oversees the Mediterranean Sea, and has a unbeatable location for nature lovers. Kyrenia offers a wide variety of events organized either by the municipality or by independent organisations; Among these is the Bellapais Monastery Classical Music Festival, and the Theater Days. GAU retains strong ties with the Municipality, and GAU tends to host some of these cultural events on campus at Spectrum Hall.

A student town, Kyrenia offers many amenities for its students. The old harbor is a lively venue for weekends, with vast choice of bars and pubs for friendly gatherings and cafes and restaurants for dining. Transportation is provided through local buses that run until eleven, to and back to the city center alongside complimentary university buses, which run regularly to the city center, residence halls and back to the campus.

There are daily scheduled flights from major European capitals and from the major cities of Turkey to Lefkosa Ercan Airport in Northern Cyprus. GAU offers a complimentary bus service to its students to pick them up on their arrival.

STUDY ABROAD OPPORTUNITIES GAU INTERNATIONAL CAMPUSES

Canterbury, United Kingdom

Towards the end of 2009, Girne American University saw the opening of a new campus in the city of Canterbury in the United Kingdom. The campus is at the heart of Canterbury, with short walk to nearby attractions, like the Canterbury Cathedral. Our Canterbury Campus provides students with the opportunity to continue their studies and improve the English language skills. In June 2010 Girne American University received its BAC (British Accreditation Council) accreditation and as of June 2010 started its own student recruitment. Students can now apply direct to Canterbury Campus. GAU Canterbury is fully operational as an Independent Further and Higher Education Institution at Foundation English and Undergraduate Levels.
