WORK EXPERIENCE

12/2023 - 1/2024 Clinical Observer (Obstetrics and Gynecology Department)

- Clinic Hospital No. 29, Moscow, Russia

07/2021 – 07/2022 Doctor Intern

- Led a team of medical interns in organizing and conducting patient rounds, ensuring all patients received thorough evaluations and appropriate care.
- Identified critical patient care issues and promptly reported them to senior medical staff, contributing to timely and effective medical interventions.
- Evaluated patient progress through regular assessments and documentation, assisting in the development of tailored treatment plans.

11/2020 - 03/2021 Speaker and Organizer for Medical Seminars

- Managed the logistical aspects of multiple medical seminars, ensuring seamless coordination between speakers, attendees, and event venues.
- Identified key topics and emerging issues in the medical field to be addressed in upcoming seminars, helping to keep the content relevant and impactful.
- Spoke at various events about the impact of regional conflicts on healthcare systems, the right of people to access healthcare, and the challenges facing healthcare workers.

10/2019 - 10/2021 National Officer on Human Rights & Peace

- Managed collaborations with local NGOs and governmental bodies to advocate for policy changes aimed at protecting healthcare workers' rights and ensuring equitable access to healthcare
- Raising awareness of various topics, including children's and women's rights to healthcare, doctor-patient communication skills, COVID-19 vaccines, and violence against healthcare workers.

08/2019 - 09/2019 Working as a General Delegate

- Managed follow-up activities post-General Assembly, including implementing resolutions and action plans agreed upon during the event.
- Achieved increased visibility and recognition for North Cyprus within the international medical community through active participation in working groups and collaborative projects.
- Led efforts to advocate for specific healthcare policies or reforms at the General Assembly, representing the interests and priorities of North Cyprus effectively.

08/2018 - 09/2019 Working as a Capacity Development Director

- I enhanced the academic abilities of medical students and fostered teamwork.

10/2018 - 11/2018 Medical Students Volunteering

Faculty of Medicine

- Assessed the seniors' blood pressure and glucose levels in Bostanci Village and provided medical advice.
